

Gemtier® Safety Blood Collection Sets are OSHA compliant and are available either with or without pre-attached tube holders. All Gemtier® products are manufactured to strict quality standards and contain unique features to improve user convenience, safety, and performance.

Features and Benefits

- Blood flashback seen clearly through tubing
- Audible click when needle is in final lock position
- Siliconized short bevel needle for smooth insertion
- Flexible, color-coded wing for improved tactile feel and easy gauge identification
- Features single-handed safety shield activation for convenience and ease of use
- Activation of safety shield while needle remains in vein for reduced risk of accidental needle stick injury
- Computerized grinding and 100% visual camera inspection ensures sharp, consistent, quality needles
- Not made with natural rubber latex
