

Confiderm® STR Sterile Nitrile Exam Gloves

McKesson Confiderm® STR sterile nitrile exam gloves feature a soft, stretchy material designed to facilitate a full range of motion and make donning easy by quickly conforming to your hand. The gloves also feature improved tactile sensitivity, grip and fit. The fingertips are textured for decreased slippage during a procedure. Gloves are ambidextrous and sterile. They feature a beaded cuff and are available in four sizes.

Features and Benefits

- Textured fingertips provide excellent tactile sensitivity and dexterity
- Improved conformability provides superior fit and extended wear comfort
- Sterile
- Single use only
- Not made with natural rubber latex
